Accessibility In Data Visualization

hcii.cmu.edu, axle-lab.com, dig.cmu.edu

Frank Elavsky

Chapter 1: Accessibility and Disability, Concepts and Models

Chapter 1, Episode 1: Why does accessibility matter? And who is responsible for it?

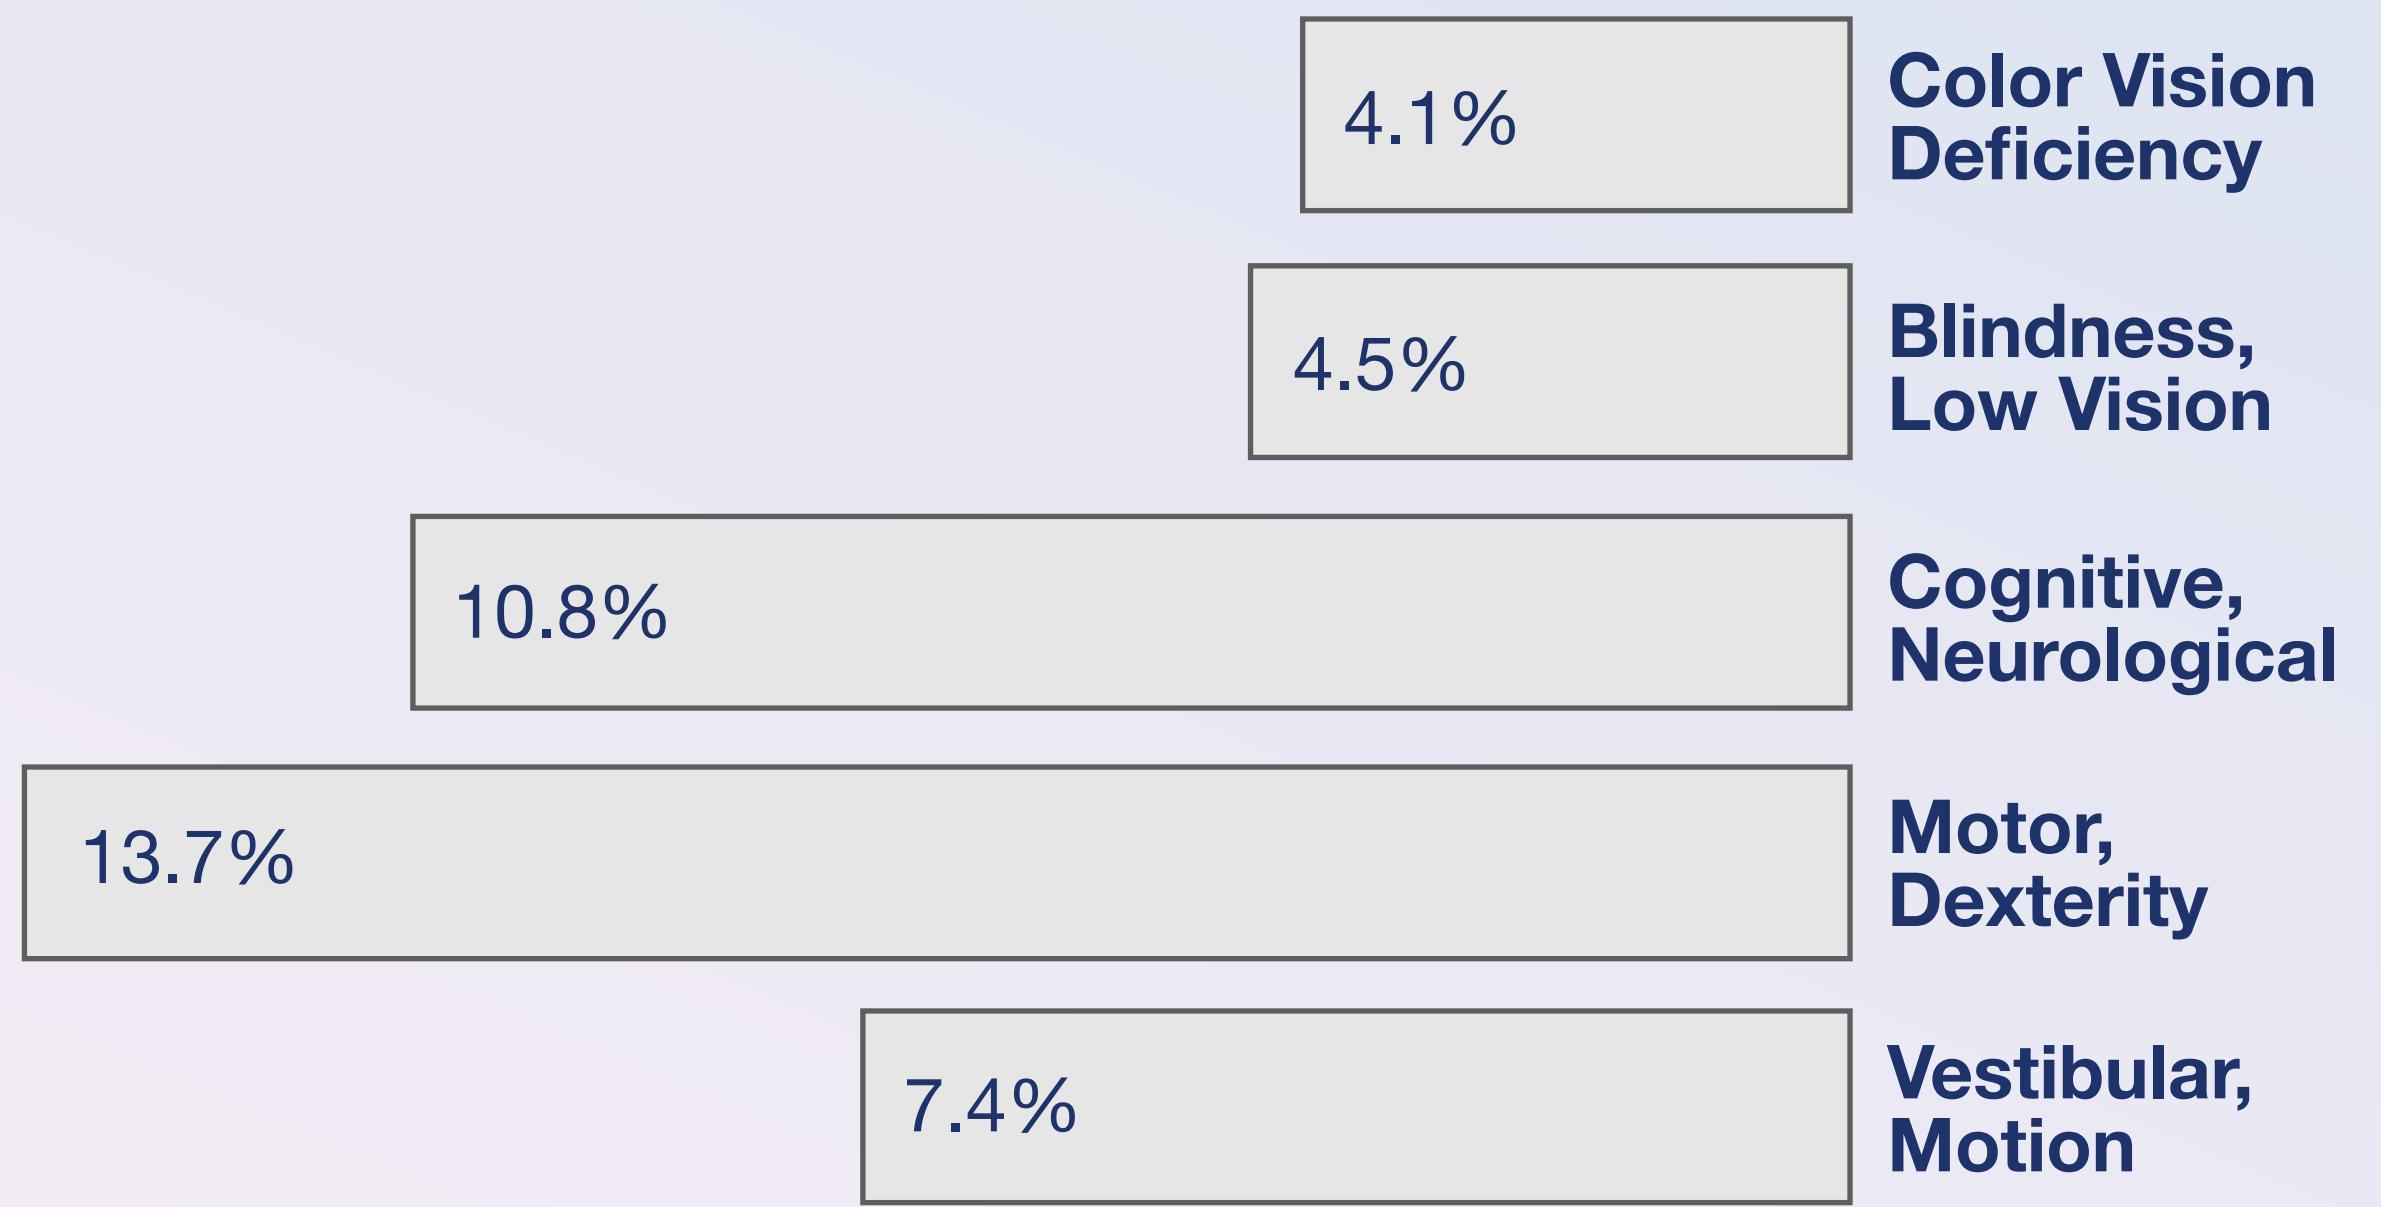

Access is a human right

Accessibility for people with disabilities is an internationally recognized human right.

It is the morally and ethically correct thing to do.

But how much of this is inaccessible?

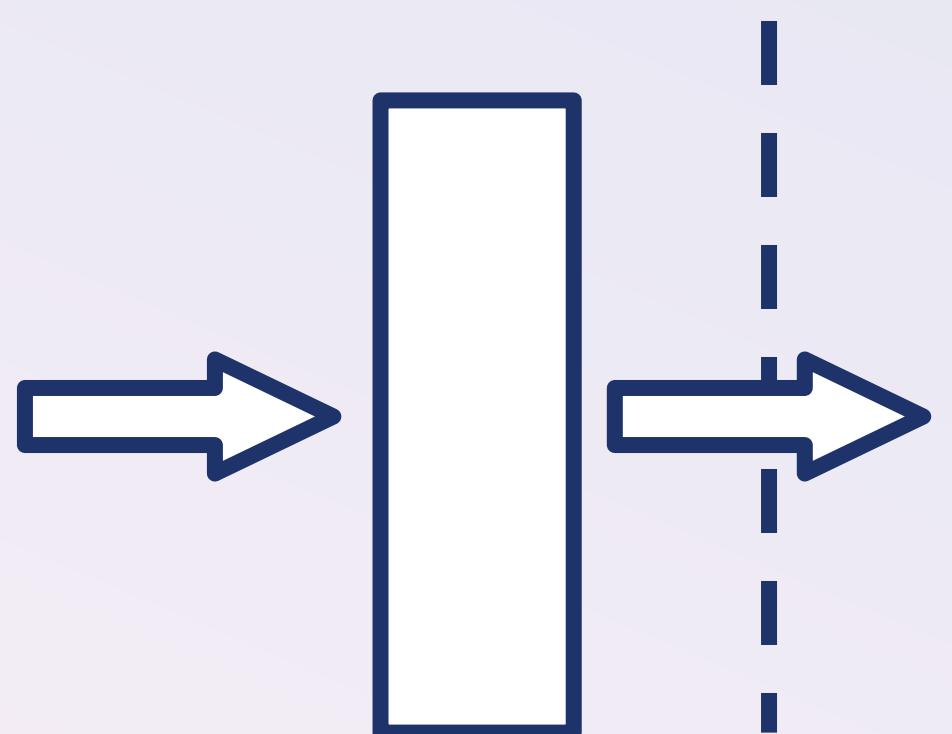

97-99%

Can better visualization tools reduce inaccessibility?

Tooling matters: Looking at data journalism + Flourish

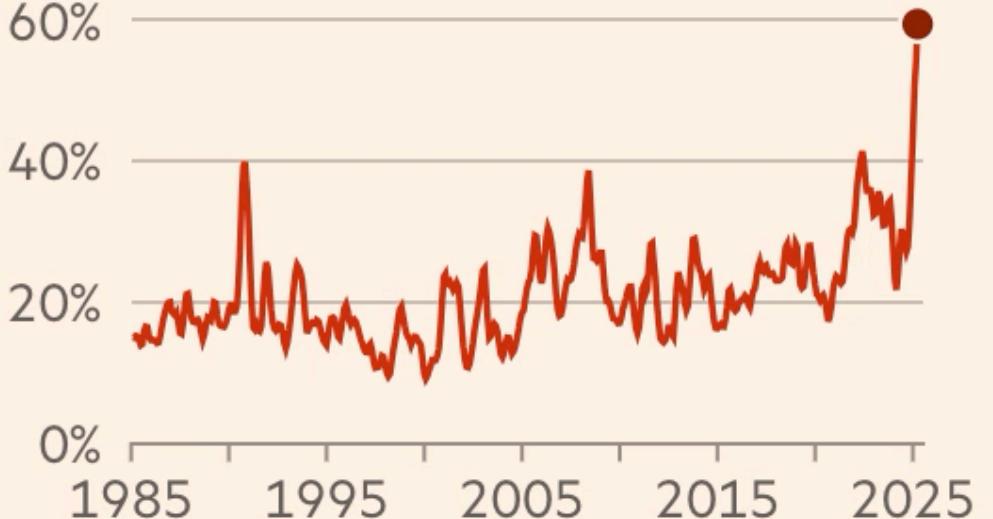

US consumers are rapidly souring on Trump's economic plan

Share of adults who...

Have a negative opinion of government's economic policy

Expect business conditions to worsen over next year

Have heard unfavourable business news coverage of government

Expect their income will grow faster than inflation in next 5 years
